REMOTELY IN
ONLINE
CURRICULUM**

Hamilton County Virtual School provides a remote learning experience for students in grades K-12 with a rigorous curriculum and supportive faculty with the goal of future ready graduates. Coursework is aligned with Tennessee Standards, fully online, with some in-person district and state testing during the year. Virtual School teachers grade and respond to student work online while offering one-on-one support sessions. Weekly check-ins emphasize regular attendance and staying on pace with the online curriculum that is on a district purchased software and platform. Families with students enrolled in HCVS find a benefit in being directly involved with their student's home studies and the ability to set your daily assignment schedule.
