

NEW CAR RIDER INFO

Reason for the Adjustment:

- Our traffic has increased and we must work to reduce the traffic on Patterson Road causing a back-up on the highway. This has also blocked local residences and businesses from accessing their driveways and parking
- In conjunction with the Hamilton County Sheriff's Office, we have created a plan to extend our car line and streamline our morning and afternoon procedures to reduce traffic on Patterson Road

Morning Drop Off & Afternoon Pick Up:

- Morning Drop-Off: As noted on the map, all drivers will turn on Coppinger Road, turn right to go behind the school, circle around the school and drop off in front of the school on the library side in the designated area. No students should be dropped off at the main entrance in front of the faculty parking lot.
- Afternoon Pick-Up: it will be the same pattern: continue to form two lines for pick up. [If you turn left onto Patterson Rd, you will need to be in the left lane.](#)

Please Note: Do not park in the faculty or student parking lot to drop off or pick up students. This is a safety issue for our student walkers, student drivers, and faculty.
